TO WHOM IT MAY CONCERN:

This is a letter of support for Moonlight Limousine Ltd., a company we use from time to time for our valued guests. The company is particularly beneficial to us when we have non-English speaking guests, as the drivers have the ability to communicate in Italian and French, as well as English.

We find the drivers to be friendly, courteous and professional. Their vehicles are well maintained, and up to the standards we expect for our guests.

Yours sincerely,

HILTON VANCOUVER METROTOWN
